	X			

3. How you assess organization?

5- very good	4- good	3- mean	2- poor	1- very poor
X				

4. What could be done better?

→ In my opinion many researchers in Poland missed a great opportunity to be educated on the broader important aspect of science in the context of utilization of their research and the role of science in the society

⇒ more PE for the conference? having Int. speakers present could be used better by creating more formal opportunities for present researchers to interact with them!

- one on one (on requests)
- round table

5. Any other comments?

→ putting room to big for audience
→ sound system is very sub-optimal
(too much echo...)

EVALUATION FORM

Please help us to improve and evaluate the conference.

1. How you assess the conference (overall)?

5- very good	4- good	3- mean	2- poor	1- very poor

2. How you assess selection of speakers?

5- very good	4- good	3- mean	2- poor	1- very poor

3. How you assess organization?

5- very good	4- good	3- mean	2- poor	1- very poor

4. What could be done better?

the period of lunch break should be longer

5. Any other comments?

Time to visit posters could be organized -
 Sponsor stands could be more incorporated
 into the coffee break place -
 better with access -

1. How you assess the conference (overall)?

5- very good	4- good	3- mean	2- poor	1- very poor
--------------	---------	---------	---------	--------------

2. How you assess selection of speakers?

5- very good	4- good	3- mean	2- poor	1- very poor
--------------	---------	---------	---------	--------------

3. How you assess organization?

5- very good	4- good	3- mean	2- poor	1- very poor
--------------	---------	---------	---------	--------------

4. What could be done better?

There was not enough information about our opportunity to present a poster. As I was not able to present my own result. The information about the conference was also not enough, for example we had not send to participants of previous BASTION conference.
